DESCRIPTION

Provided that during the term the underlying always quotes above the barrier, the investor obtains the bonus amount pursuant to the bonus level, or the respective higher amount, at the end of the term. In case of a cap, the cap represents the maximum payout. If, during the term, the barrier is touched or undercut, the bonus mechanism is suspended. At the maturity date the certificate is redeemed analogue to the performance of the underlying.

Types of Bonus Certificates are Bonus Certificates with Cap, Bonus Certificates without Cap, Bonus Certificates with Coupon, Plus+ Bonus Certificates, Reverse Bonus Certificates and Twin Win-Certificates.
